Offer on Page 2

"HOWDY FOLKS."

With this 1929 catalogue of Better Plants for Better Gardens, we make our bow to the public. We have had a lot of experience in the nursery business, many years in fact, but this is the first mail order catalogue we have published. We hope you will take kindly to it.

It is not an elaborate affair, full of pretty pictures, and expensive color work, but we have tried to make it straightforward and truthful—one that you can depend upon when making up your mind what to plant. By keeping down the cost of our catalogue, we are enabled to give our friends first class nursery stock at exceptionally low prices.

HULL GARDENS were organized to supply Better Plants for Better Gardens and that will be our slogan. Every effort will be made to give you the greatest value at the lowest prices possible. And now we hope you will show your confidence in us by letting us fill your order. That is the only way we can demonstrate our stock and service to you.

Cordially yours,
W. K. Hull.

Please Read This Before Ordering.

We have tried to make it easy for you to order. The order blank on the last page of this catalogue is for your convenience. If you need more space, use any blank piece of paper. Please write your letters on a separate sheet, as this will enable us to give you better service. We urge you to ORDER EARLY because then you will be sure to get just what you want. On account of the expense of packing small orders, we request that you make your order for at least \$1.00 worth of stock.

HULL PAYS THE POSTAGE.

We pay the postage on all stock marked "Postpaid". Stock marked "Express or Freight" travels at the customers expense, but if your order amounts to \$10.00 or more, it will be sent prepaid.

FREE PREMIUMS.

Business is built upon good will and faith. We are more anxious to gain and retain your good will and faith than anything else. We think the best way for us to accomplish this is to give you extra

value for your money. Therefore, if your order amounts to \$3.00 or more, we are going to send you a beautiful shrub extra; one that will grow and thrive and serve as a reminder of us in years to come. We hope that we can send every one of our friends one of these fine shrubs.

HOW TO SEND MONEY.

Please remit by postal money order, bank draft, personal check, or registered letter. We cannot be responsible for cash which is sent by regular mail.

PACKING AND SHIPPING.

Your stock will be shipped to you at the proper time for planting in your locality. All orders are packed by experienced men so that they can safely be shipped to any part of the country. Each order will be accompanied by planting instructions. We are just as much interested in your success with our stock as you are, so we hope you will follow these planting instructions carefully. Please feel free to write us for advice at any time.

GUARANTEE.

We guarantee all our nursery stock to be just as represented; to be free from injurious insects and diseases; and to arrive in good growing condition. If any of our stock is not entirely satisfactory when received, notify us immediately, and we will cheerfully replace it or refund your money.

Certificate of Inspection accompanies each order.

New Plants for 1929.

Our slogan "Better Plants for Better Gardens" is not a meaningless phrase. We spend a great deal of time studying the latest plant introductions, trying them out, selecting and discarding, so that we can offer you the very best of the new plants. We believe the plant loving public wants the best and needs only be told about what is new and good to get its interest. Accordingly, it is with great pleasure that we offer here a group of excellent new plants, all of which we can recommend without reservation.

Bring your garden up-to-date by planting these LATEST MODEL shrubs and plants.

BEAUTY BUSH (*Kolkwitzia Amabilis*) In spite of its Latin name, this is a remarkable shrub. Nothing short of sensational we should say. It was introduced from the Orient and it is all that its name implies. An exceedingly handsome ornamental shrub, growing 6 to 9 feet high when mature, which is covered with clusters of small, delicate pink, tubular flowers in the spring. Perfectly hardy as far north as Montreal. One of the best shrubs ever introduced. The supply is limited. \$1.50 each, postpaid.

NEW RED LEAVED BARBERRY. A sport of the Japanese Barberry (*Non rustbearing*). It has brilliant red leaves all summer. Thoroughly dependable but it should be planted in full sunlight to bring out the best color. Fine for brightening up the landscape with a splash of color. 12-15 in. 85c each; 2 for \$1.50; 4 for \$2.75, postpaid.

SILVER LACE VINE (*Polygonum Auberti*) The most recent addition to our list of vines. A rapid growing type which will make 25 ft. in one season. Has glossy light green foliage and produces an abundance of large foamy, silvery white blossoms from late summer until frost. \$1.00 each; 3 for \$2.50, postpaid.

FORSYTHIA SPECTABILIS (Showy Golden Bell) The newest and best of the golden bells. Large rich yellow flowers completely cover the spreading branches early in the spring before the leaves come out. If you can plant but one Forsythia, by all means let it be this one. \$1.00 each; 3 for \$2.50, postpaid.

PHILADELPHUS VIRGINALIS. A splendid new variety with semi-double flowers. Virginal has the largest, most handsome, and sweetest scented flowers of any of the Mock Oranges and the longest blooming season. 75c each; 3 for \$2.00 postpaid.

REGAL LILY. An exquisitely beautiful hardy lily recently introduced from China. Delicately fragrant white flowers suffused with pink, with a glow of canary yellow in the throat. Grows 4-6 ft. high with several blooms on a stalk. An excellent garden lily. 2 year flowering size, 45c each; 3 for \$1.25 postpaid.

GOLDEN ROSE OF CHINA (*Rosa Hugonis*) Arching sprays of golden saucer-shaped flowers make the bush a fountain of soft yellow. Flowers appear early in May and are followed by red translucent fruits. One of the most beautiful of our hardy shrubs. Large, 2 year old plants, \$1.50 each, 3 for \$4.00, postpaid.

Special Combination Offer.

One each of these novelties, eight plants in all, for only \$7.50, postpaid.

VARIEGATED LEAF YUCCA or Adams Needle. An improved form just recently introduced. Similar to *Yucca Filamentosa*, but with striped leaves. Bronze green at center; broad outer edge of yellow and narrow yellow stripes between. Foliage is permanent and ranks well with evergreens for winter usefulness. \$1.00 each; 3 for \$2.50 postpaid.

OUR LANDSCAPE DEPARTMENT

Bring us your planning problems. If you want to have your grounds beautified and don't know how to go about it, our landscape department will draw up plans for you. The cost of these plans is small and the money will be refunded to you when you order stock to carry out the plans. This department is in charge of an experienced graduate Landscape Architect.

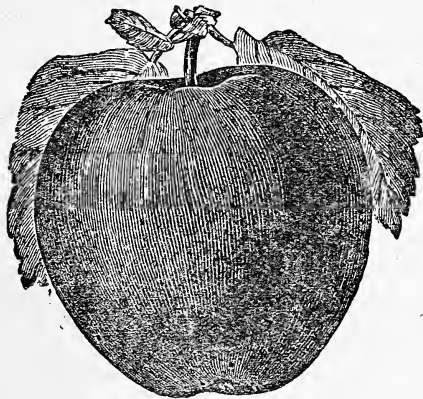

You are judged every day by the appearance of your home grounds.

HULL'S FRUIT DEPARTMENT.

Our fruit trees are all grown by experienced men and are graded according to the standards of the American Association of Nurserymen. All trees have been state inspected and found free from diseases and insects and are accompanied by a clean bill of health. If you place your order with us you can count on getting dependable stock. A booklet of planting and cultural instructions accompanies each order. Try Hull's fruit trees this year.

APPLES

STAYMAN. An improved form of the Winesap. Large, bright red; best quality; good market variety; November to February.

Special Apple Offer.

These varieties are all standard commercial kinds of the highest quality. You can't go wrong in planting these. All trees are 2 years old, well branched.

3 Delicious 2 Jonathan
2 Grimes Golden 3 Stayman

All 4-5 feet Regular value \$4.50

Special Bargain price.....\$4.00

Shipped by express or freight at customers expense.

CRAB APPLES

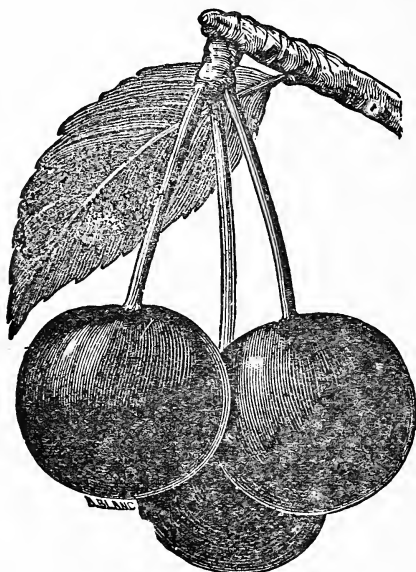

Prices same as for apples, but we cannot furnish the 2-3 feet size.

WHITNEY. August. Very pleasant flavor; yellow striped red; large. One of the few crabs that can be used for a dessert apple.

TRANSCENDENT. Medium to large; August to September; very juicy, acid. Fine for preserves and jelly.

HYSLOP. September to October; yellow shaded deep crimson. Good quality and fine for culinary purposes.

If you want any varieties of fruit trees not listed here, write us and we probably can supply you as we have a very complete assortment available.

SOUR CHERRIES

Prices	Height	Each	Per 5	Per 10
Express or freight	4-5 ft.	.60	3.00	5.75
Postpaid	3-4 ft.	.50	2.35	4.50
Postpaid	2-3 ft.	.40	2.00	3.50

EARLY RICHMOND. Plant with Montmorency to extend the season. Very dependable. Fine for pies and cooking. June.

MONTMORENCY. Ripens two weeks later than Richmond. Large, dark red fruit. Best canning variety.

DYEHOUSE. A hardy and valuable cherry; earlier than Richmond. Bears early; smallest pit of any cultivated cherry.

SWEET CHERRIES

4-5 feet 75c each; \$2.15 for 3, by express or freight.
3-4 feet 65c each; \$1.85 for 3, postpaid.

BLACK TATARIAN. Perfectly hardy; very productive; fruit very large; black, juicy and sweet; excellent flavor.

GOVERNOR WOOD. Not quite so hardy as the Black Tatarian, but a good sort for home use. Bears young and of finest quality. Yellowish white-tinted with shades of crimson,

COMPASS CHERRY—PLUM

Cross between sand cherry and native wild plum. Will grow and thrive where extreme cold and semi-arid conditions prevail. Usually bears second year from graft. Excellent for canning and preserving. Every home orchard should contain a few of these trees.

4-5 ft. 65c each; \$1.80 for 3, express or freight.
3-4 ft. 50c each; \$1.35 for 3, postpaid.

PLUMS

Prices	Height	Each	Per 5	Per 10
Express or freight	4-5 ft.	.60	\$3.00	\$5.50
Postpaid	3-4 ft.	.50	2.25	4.00
Postpaid	2-3 ft.	.35	1.75	3.25

LOMBARD (European). Medium size, violet red, juicy and pleasant; one of the surest croppers among Europeans.

DAMSON (European). Deep purple fruits of delicious quality. One of the best for marketing. Trees vigorous and disease resistant.

ABUNDANCE (Japanese). Rapid grower; bears young, yields abundantly. Fruit is red, juicy, and of excellent quality.

BURBANK (Japanese). One of the best. Hardy and productive; fruit large, reddish purple; juicy and good.

HANSKA (Hansen Hybrid). Bright red; yellow flesh; good quality. Begins to bear second year and ripens in August.

OPATA (Hansen Hybrid). Dark purplish red; pleasant flavor; hardy and great bearer; August.

SAPA (Hansen Hybrid). Glossy dark purple; fine flavor; early and prolific bearer.

PEARS

Prices	Height	Each	Per 3	Per 10
Express or freight	4-5 ft.	.65	1.80	5.50
Postpaid	3-4 ft.	.50	1.35	4.00

BARTLETT. Large, waxen yellow with red blush; juicy, melting, highly flavored; August and September.

DUCHESS. Very large, greenish yellow; buttery, melting, and sweet. Heavy bearer; October to November.

SECKEL. (Sugar Pear). Delicious little pear that is the standard of excellence in its class. Very hardy; September and October.

KIEFFER. Large, rich golden yellow. Profitable market variety of fair quality. Keeps and ships well. Vigorous grower; bears early; blight resistant. Will keep until January.

DWARF PEARS

These trees are budded on French Quince stocks to make them dwarf. They bear standard size fruit, but the trees are dwarf. Just the thing for backyard planting or where space is limited. We can furnish **BARTLETT**,

DUCHESS, and **SECKEL**.

3-4 feet 60c each; \$1.65 for 3, postpaid.

2-3 feet 45c each; \$1.20 for 3, postpaid.

PEACHES

Our trees are budded, one year old—the best kind for general planting.

Prices	Height	Each	Per 5	Per 10	Per 25
Express or freight	4-5 ft.	.45	2.25	4.00	8.75
Postpaid	3-4 ft.	.40	1.75	3.25	7.00
Postpaid	2-3 ft.	.25	1.25	2.00	4.00

BELLE OF GEORGIA. Large size, red and white; flesh white, firm and highly flavored. Ships well and brings top prices. Freestone; last of August.

CHAMPION. White freestone of good quality which ripens about two weeks before Elberta.

HULL'S FRUIT DEPARTMENT (CONTINUED)

Peaches, (Continued.)

CRAWFORDS EARLY. A large freestone of bright yellow color with red cheek. Flesh is yellow, juicy and sweet. Early August.

ELBERTA. Freestone. The great market peach of the southwest. Lemon yellow with red cheek. The flesh is yellow, tender and juicy. Middle of August.

J. H. HALE. Freestone. Large, golden yellow, overlaid with carmine. Deep yellow flesh; delicious flavor. Prolific and hardy—ripens a few days before Elberta.

HEATH CLING. Very large, clingstone peach. Creamy white with red blush; flesh white. Commands fancy prices on all markets. Late September.

SALWEY. Freestone. Yellow and red; flesh yellow, fine quality. One of the best late market peaches. First of October.

APRICOTS

4-5 feet 65c each; \$1.80 for 3, express or freight.
3-4 feet 50c each; \$1.35 for 3, postpaid.

MOORPARK. One of the largest; orange yellow. Flesh yellow, sweet, juicy and rich. August.

SUPERB. Perfectly hardy and has no equal in productiveness. Originated in Kansas. Beautiful yellow with slight blush. Fine flavor.

IS YOUR GARDEN UP-TO-DATE?

Don't overlook the "latest model" plants described on pages 2 and 3. The list includes the best of the recent plant introductions. Be sure to order some.

SMALL FRUITS

All small fruits are shipped prepaid.

Bush fruits require but little space, come into bearing early, and bring good market prices.

GOOSEBERRIES.

HOUGHTON. Medium size; pale red, sweet and juicy. Abundant bearer and free from mildew.

DOWNING. Fruit large, light green; juicy and fine flavored. One of the best.

CURRANTS.

CHERRY. The largest of all red currants; plants vigorous and productive.

FAYS PROLIFIC. Leading market currant. Long stems; fruit hangs on the bush well.

WHITE GRAPE. Very large; yellowish white, sweet. Excellent for the table; very productive.

Prices on Currants and Gooseberries:
2 year plants, 25c each; \$2.00 for 10; \$4.00 for 25.

BLACKBERRIES.

Prices: 50c for 5; 90c for 10; \$2.00 for 25; \$7.00 for 100.

EARLY HARVEST. One of the earliest; berry medium size; good quality and very prolific. A good market sort.

ELDORADO. Vine is vigorous and hardy. Berries very large, borne in clusters; sweet and melting and pleasant to taste.

ERIE. One of the best. Absolutely hardy; very black, firm and solid. Ripens early.

RED RASPBERRIES.

CUTHBERT. Large, excellent quality; firm, juicy and refreshing. Hardy and productive.

ST. REGIS. Everbearing. Starts fruiting in summer and continues until fall. Good quality and hardy.

Marvelous New Red Raspberry—Latham.

Originated in Minnesota. Hardy everywhere and conceded to be the best red raspberry now grown. Tall vigorous grower, extra heavy canes, healthy foliage. Produces immense quantities of large bright red berries. Ripens early and over long period.

15c each; 60c for 5; \$1.00 for 10; \$2.00 for 25.
\$7.00 for 100.

BLACK RASPBERRIES.

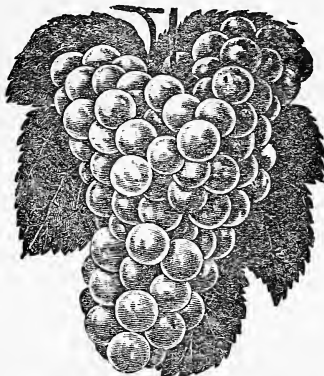

CUMBERLAND. The largest of all blackcaps and the most prolific market variety.

KANSAS. Large, round, firm, moderately juicy; strong grower, and very productive. Ripens early.

Prices on all Raspberries excepting Latham:
60c for 10; 25 for \$1.25; 100 for \$4.50, postpaid.

GRAPES.

There is room for grapes on every home ground. They can be used for trellises, arbors, and screens, and the fruit is always a welcome dessert.

CONCORD. The standard commercial grape. More of Concord are sold every year than all other varieties together. The most productive and profitable grape grown. Bluish-black, sweet and juicy.

MOORES EARLY. A large black grape, ripening a week earlier than Concord. Good quality.

WORDEN. A seedling of Concord, but the berries are larger and sweeter. Ripens several days earlier than Concord.

NIAGARA. Occupies same position among white varieties that Concord does among black. Berries large, greenish white, changing to pale yellow, when ripe. Quality much like Concord.

DELAWARE. A red grape with small compact bunches. Sweet, juicy and refreshing. Best quality. Ripens a little before Concord.

STRAWBERRIES

Strawberries are very easy to grow. They will bear large crops the second year and they always bring good prices on local markets. There is no quick fruit crop that is such a sure money-maker as strawberries. Only a few plants are needed to make a bed large enough to supply the home table. Who is there who does not like strawberries and cream? All of the varieties that we list are perfect flowering so do not need pollenization by other varieties.

June or Spring Bearing Varieties.

Fresh dug plants, 40c for 25; 65c for 50; \$1.25 for 100; \$2.25 for 200; \$4.00 for 500; \$7.00 for 1000, postpaid

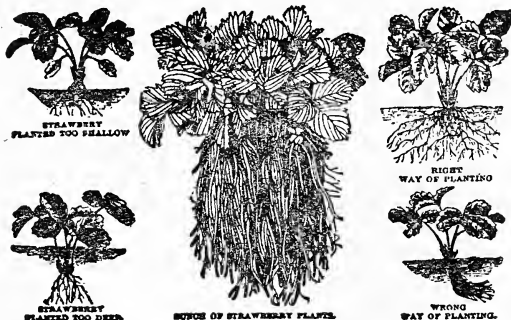

Senator Dunlap.
Aroma.

Gibson.
Michaels Early.

Progressive Everbearing Strawberries.

Produces large crops of medium large berries of exquisite flavor. When planted in the spring, Progressive will yield fruit the same summer and fall, and yield a big crop the next year.

65c for 25; \$1.20 for 50; \$2.00 for 100; \$3.75 for 200
\$8.00 for 500, postpaid.

Hull's Everbearing Mastodon

The newest and best everbearing strawberry. This new variety has been thoroughly tested and we are convinced that it is the best and most profitable of all strawberries. As much as \$300 to \$500 per acre has been realized from ordinary crops. As few as 18 berries have filled a quart box. It yields good crops in June and then it keeps on bearing all summer. It bears another large crop in September and October. Be sure to try Mastodon this year.

\$1.00 for 25; \$1.75 for 50; \$3.00 for 100; \$11.00 for 500, postpaid.

OUR GREAT COLLECTION OF \$1.00 BARGAINS.

We are offering here what we believe is the greatest collection of Dollar Bargains in nursery stock ever offered the public. These are all true money-saving values and you can find most anything you want in the list—fruit trees, small fruits, shade trees, shrubs, roses and flowers. Look over the list carefully and include one or more in your order—you will be well pleased with them. ORDER BY NUMBER.

No. 1. 5 PEACH TREES, 2 to 3 feet. Choice of Elberta, South Haven, Crawford's Early, Early Wheeler and Rochester.

No. 2. 3 APPLE TREES, 3 to 4 feet. Choice of Delicious, Jonathan and Winesap.

No. 3. 4 PLUM TREES, 2 to 3 feet. Choice of Hanska, Sapa, and Wickson.

No. 4. 3 COMPASS CHERRY, 3 to 4 feet. Frequently bears first year after setting. Cross between plum and cherry. Produces large quantities of big, dark red fruit of good quality.

No. 5. 2 PEAR TREES, 3 to 4 feet. Bartlett, one of the highest quality pears.

No. 6. 10 CONCORD GRAPE VINES, 1 year old. The most popular grape in America.

No. 7. 12 LATHAM RASPBERRY. New. The best red raspberry ever introduced. Certified disease free.

No. 8. 25 MASTODON STRAWBERRY plants. New. Everbearing. The largest known strawberry. 18 berries fill a box. Large, red, delicious fruit. Bears 90 days after setting.

No. 9. 100 STRAWBERRY PLANTS. Choice of Senator Dunlap, Warfield, and Aroma. Three popular, dependable varieties.

OUR GREAT COLLECTION OF \$1.00 BARGAINS, (CONTINUED.)

- No. 10. 4 CURRANT BUSHES. 2 year plants, choice of North Star, Wilder, Versailles, and Red Dutch; all red varieties.
- No. 11. GRAPE COLLECTION. 6 one year vines. 2 Moores Early, black; 2 Concord, purple; 2 Niagara, best white.
- No. 12. 6 RHUBARB (Wine plant) large plants. Fine for sauce and pies, and easy to grow. Healthful and nutritious.
- No. 13. 25 ASPARAGUS PLANTS. 2 years old. Choice of Conovers Colossal and the new Washington.
- No. 14. 18 ST. REGIS RASPBERRY plants. The new everbearing variety. Berries are large, bright red, and of good quality.
- No. 15. 18 CUMBERLAND BLACK RASPBERRY plants. The largest black cap. Keeps and ships well.
- No. 16. 5 HOUGHTON GOOSEBERRY plants. 1 year old. Vigorous grower; abundant bearer; sweet and juicy. Pale red when ripe.
- No. 17. 3 CLIMBING ROSES. Big 2 year old plants. Choice of Dorothy Perkins, pink; Crimson Rambler; Excelsa, red; Yellow Rambler; White Dorothy Perkins. Planting instructions with each order.
- No. 18. 3 EVERBLOOMING BUSH ROSES. Our selection. These are the Tea roses that will bloom for you the first year. All field grown plants. A big bargain. Planting instructions with each order.
- No. 19. 3 CLIMBING VINES. Field grown plants. Choice of Fragrant White Honeysuckle, American Ivy, and Clematis Paniculata.
- No. 20. 12 GERMAN IRIS. Splendid mixture of blooming varieties. Iris is one of the easiest perennial flowers to grow and is almost sure to give satisfaction.
- No. 21. 3 PEONIES. One each of red, pink and white. All large double flowering varieties.
- No. 22. 3 BUTTERFLY BUSH (Summer Lilac). Blooms all summer; fragrant and attractive to butterflies. Will bloom first summer.
- No. 29. 12 FEET OF PRIVET HEDGE. 12 plants 1 to 1½ feet high. Amur River Privet, the hardy kind.
- No. 30. 5 NORWAY SPRUCE TRANSPLANTS, 6 to 10 inches high. Fine for windbreaks, hedges, Christmas trees and ornament. Rapid growing variety.
- No. 31. 25 CHINESE ARBOR VITAE seedlings. Average height 1 foot. Enough for 25 feet of evergreen hedge. Not hardy north of Kansas.
- No. 32. 50 JACK PINE seedlings. Average height 1 foot. Will grow on dry land. Fine for wood lot planting.
- No. 33. 100 CHINESE ARBOR VITAE seedlings 3 to 6 inches. Plant them in a bed in your garden for one season and they will be large enough to make you a fine hedge the next spring. Not hardy north of Kansas.
- No. 34. 6 LILY OF THE VALLEY. Everyone knows this sweetly scented, delicately beautiful flower. Plant in a shady place.
- No. 35. ROCK GARDEN COLLECTION. 3 hardy perennial plants, all especially suited to Rock Gardens. One each of Aquilegia (Columbine) Hardy Sweet Violet, and Shasta Daisy.
- No. 36. 6 CHINESE ELM TREES. 2 to 3 feet high. The new fast growing elm from China, recommended by the U. S. Dept. of Agriculture. Especially desirable for semi-arid sections.
- No. 37. 10 SOFT OR SILVER MAPLE TREES. 2 to 3 feet high. A fast growing shade tree for street or lawn. Finely cut leaves, dark green above, silvery beneath. Very popular.
- No. 38. 5 AMERICAN ASH TREES. 2 to 3 feet high. One of the best shade trees. A large round-headed tree with dark glossy green leaves.

**Your choice of any 5 of these collections
For Only \$4.50.**

- No. 22. 30 GLADIOLUS BULBS. Fine mixture. Many people prefer to plant the mixed bulbs. They are much cheaper than the named varieties and it is interesting to watch the variety of form and color develop. These are all large, blooming size bulbs.
- No. 23. 6 DAHLIA TUBERS. A mixture of fine standard varieties, blooming size.
- No. 24. 4 BIG PERENNIAL FLOWER PLANTS. Choice of Delphinium, Hollyhock, Sweet William, and Shasta Daisy. All these varieties live over from year to year. All field grown plants.
- No. 25. 5 HARDY PHLOX. Field grown plants. Choice of red, pink, white, and lavender. Phlox are one of the most popular perennials. There should be some in your garden.
- No. 26. 3 HARDY WOODS FERNS. Choice of Ostrich Plume, Maiden Hair, and Evergreen Cut-Leaf. Large roots. One of our biggest bargains.
- No. 27. 6 JAPANESE BARBERRY. A most popular hedge plant. Attractive green foliage in summer and bright red berries in winter. Large plants 1 to 1½ feet high.
- No. 39. 10 CATALPA SPECIOSA. 2 to 3 feet high. Grows rapidly and is widely planted for fence posts. Has large broad leaves and big clusters of fragrant white and purple flowers.
- No. 40. 3 HARDY CARNATIONS. Look just like the greenhouse carnations but a little smaller. Bloom all summer. Choice of red and white. May be potted in fall and used for house plants. Sweet spicy fragrance.
- No. 41. 2 WATER HYACINTHS. Interesting plants which float on the surface of the water and produce lavender orchid-like flowers. Fine for home water gardens.
- No. 42. 4 HONEYSUCKLE BUSHES. 1½ to 2 feet high. A splendid shrub; bears pink and white flowers in early summer, followed by bright red berries.
- No. 43. 4 SPIREA VAN HOUTTEI (Bridal Veil) 1½ to 2 feet high. The most popular shrub in America. A fountain of white flowers in spring.
- No. 44. 4 TAMARIX SHRUBS. 1½ to 2 feet. An interesting oriental shrub with fine feathery foliage and delicate pink blossoms. Foliage makes a fine substitute for ferns in bouquets for which purpose many florists use it.

OUR GREAT COLLECTION OF \$1.00 BARGAINS (CONTINUED.)

- No. 45. 4 SNOWBERRY SHRUBS. 1½ to 2 feet. Attractive shrub with pink and white flowers. Covered in winter with clusters of large snowy white berries which give the plant its name.
- No. 46. SHRUB COLLECTION. 4 big shrubs, one each of the plants offered in Collections No. 42, 43, 44, and 45.
- No. 47. 6 SIBERIAN IRIS. Deep purple flowers in spring. Splendid for pools and rock gardens.
- No. 48. 25 RUSSIAN MULBERRY seedlings. 1 to 1½ feet. A rapid growing tree, fine for planting in poultry yards for shade, and the fruit is relished by poultry.
- No. 49. 5 CHINESE LANTERN PLANTS. Grows 2 feet high. Produces brilliant red balloon-shaped husks which retain their beauty when dried. Popular Christmas decoration.
- No. 50. 3 TRITOMA. Also called Flame Flower, Torch Lily, and Red Hot Poker. Tall spikes of scarlet-orange. Most brilliant of our perennial flowers. Makes a gorgeous cut-flower.
- No. 51. 12 FEET of PRIVET HEDGE. 1 to 1½ feet. California Privet. More attractive than Amur Privet but not quite so hardy. Desirable in southern states. Dark glossy green foliage.
- No. 52. IBOLIUM PRIVET HEDGE. 10 plants 1 to 1½ feet. This is a new variety, a cross between California and the hardy Iboata. Ibolium has the beauty of the former and the hardiness of the latter. A most desirable hedge plant.
- No. 53. 50 WHITE PINE seedlings. 3 to 5 inches high. The finest of our pines; beautiful when young; picturesque when mature. Good for wind breaks, wood lots and ornamental purposes. Booklet with full instructions for special handling of these seedlings will be sent with each order.
- No. 54. 50 PONDEROSA PINE seedlings. 4 to 6 inches high. A hardy pine that will withstand a great deal of drought. Desirable for wind-break and woodlot planting. Complete cultural instructions sent with each order.

SHADE AND ORNAMENTAL TREES

Trees add greatly to the value of any place. Compare the market value of homes that have shade trees with those that are bare. Besides adding value, they increase the comfort and beauty of the home. Roadside planting of shade trees is becoming popular too. If you are interested in large quantities of shade trees, write us for special prices. We carry a complete assortment of shade trees, many of which are not listed here.

All our shade trees are carefully grown, with straight smooth bodies and well branched tops. You will be pleased with Hull's Better Trees.

Shade trees are shipped by freight or express at the customer's expense, but if your order amounts to \$10.00 or more, we will ship prepaid.

AMERICAN WHITE ASH. A well known native tree; tall, very straight, with broad round head and dense glossy foliage. 6-8 feet, \$1.00 each; 5 for \$4.50.

EUROPEAN MOUNTAIN ASH. Medium size tree with smooth bark and dense round head. Covered from July to fall with large clusters of bright red berries. Highly ornamental. 5-6 feet, \$1.00 each; 5 for \$4.50.

BIRCH, CUT LEAF WEEPING. A strikingly beautiful tree, Milk-white bark and slender drooping branches with finely cut leaves. Prefers moist, shady places. 5-6 feet, \$3.00 each; 2 for \$5.50.

CATALPA BUNGEI (Umbrella Catalpa). Dome or umbrella shaped top. Always makes a symmetrical head. Fine for formal effect. 4-5 feet stems, \$1.35 each, 2 for \$2.40; 5-6 feet stems, \$1.90 each, 2 for \$3.50.

BECHTELS DOUBLE FLOWERING CRAB. Small trees bearing an abundance of large, double, pink, rose-like flowers in early spring. The tree itself is very ornamental. One of the best flowering crabs. 2-3 feet, 65c each; \$2.75 for 5; 3-4 feet, \$1.00 each; \$4.25 for 5.

CHINESE ELM. A new fast-growing elm recently introduced from China. Especially suited to semi-arid sections where it does better than the American Elm. Highly recommended by the United States Department of Agriculture. Has small leaves and forms a dense head. Perfectly hardy. 5-6 feet, \$1.25 each; 5 for \$6.00. 6-8 feet, \$2.00 each, 5 for \$9.00.

Cut Leaf Weeping Birch.

ELM, AMERICAN WHITE. This tree needs no description. It is by far the most popular shade tree in America and deservedly so. Unexcelled for street planting. 5-6 feet, 75c each; 5 for \$3.50; 6-8 feet, \$1.00 each; 5 for \$4.50.

MAPLE, SOFT or SILVER LEAVED. A rapid growing tree of large size; foliage bright green above and silver beneath; a favorite street and shade tree. 6-8 feet, 75c each; 5 for \$3.50; 8-10 feet, \$1.25 each; 5 for \$5.75.

POPLAR, CAROLINA. Very strong growing tree of broad columnar shape. Does not produce the annoying "cotton" of the native cottonwoods. 6-8 feet, 50c each; 5 for \$2.00; 8-10 feet 70c each; 5 for \$3.00.

POPLAR, LOMBARDY. In shape, this tree is the exclamation mark among trees. Its towering spire has individuality all its own. For tall screens and backgrounds, this tree is admirable. 6-8 feet, 75c each; \$3.25 for 5; 8-10 feet, \$1.00 each; \$4.50 for 5.

RED BUD (Judas Tree). A medium size tree with large irregular head and heart shaped leaves. The profusion of delicate reddish pink blossoms with which it is covered in the spring before the foliage appears, make it one of the finest ornamental trees. 3-4 feet, \$1.00 each; 4-5 feet, \$1.50 each.

SYCAMORE, AMERICAN (Plane Tree). A well known tree; very common throughout the U. S. Leaves heart-shaped at base, short lobe; sharp points; branches wide spreading, whitish deciduous bark. 6-8 feet, \$1.25 each; 5 for \$6.00; 8-10 feet, \$1.75 each; 5 for \$8.00.

THURLOWS WEEPING WILLOW. One of the best weeping willows. Less subject to blight than some of the others. Has light green smooth bark, slender drooping branches with long narrow leaves. 5-6 feet, 75c each; 5 for \$3.50.

"BETTER PLANTS FOR BETTER GARDENS."

HULL'S ORNAMENTAL EVERGREENS

All our Evergreens have been transplanted several times which gives them a well branched root system. All large evergreens are dug with a ball of earth which is wrapped in burlap, indicated below by B. & B. Evergreens are the aristocrats among trees. They give an air of richness that no other plant can give. Evergreens are shipped by freight at customer's expense.

BERCKMANS GOLDEN ARBOR VITAE. A striking evergreen of pyramidal shape and rich golden yellow color. Semi-dwarf. One of the most popular evergreens. 1½-2 ft. B. & B., \$5.00 each; 2 for \$9.00.

COMPACT ORIENTAL ARBOR VITAE. The natural habit of growth of this tree is very compact, and almost globular. It is fine for grouping with other evergreens and for entrance planting. 2-2½ ft. B. & B. \$4.00 each; 2 for \$7.50.

PYRAMIDAL ORIENTAL ARBOR VITAE. Similar to the above but pyramidal in shape. Used for giving accent to evergreen planting. 2-2½ ft. B. & B. \$4.50 each; 2 for \$8.00.

Note: None of the Arbor Vitae offered above is recommended for planting north of Kansas.

CHINESE JUNIPER. Bright green foliage; narrow columnar or pyramidal type. 2-2½ ft. B. & B. \$5.00 each; 2 for \$9.00.

JUNIPER COMMUNIS. Upright growth, silvery foliage, perfectly hardy. Good for grouping with Chinese and Pfitzer's Juniper. 1½ to 2 ft. B. & B. \$2.50 each; 2 for \$4.50.

PFITZERS JUNIPER. The most popular Juniper. Grows in low, broad, irregular form, but can be sheared to most any shape. Desirable for mass or foundation planting. 1½-2 ft. B. & B. \$5.00 each; 2 for \$9.50.

MAHONIA AQUIFOLIUM (Oregon Grape). A very interesting Broadleaf evergreen with leaves similar to holly and bearing clusters of dark berries. Leaves turn a reddish color in the winter. Very ornamental. 1½-2 ft. B. & B. \$3.50 each; 2 for \$6.50.

HULL'S ORNAMENTAL SHRUBS.

All shrubs are sent to you, all pruned, ready for planting. When shrubs are transplanted, they should be pruned to enable the roots to get a good start. We have made it a part of our service to do the pruning for you and save you the trouble. Excepting where otherwise noted, all the shrubs we offer here are 1½-2 ft. high above ground, before pruning. This is a good size to plant as they stand the shock of transplanting better than larger plants.

All shrubs are sent postpaid.

ALTHEA (Rose of Sharon) Tall growing symmetrical shrubs, with flowers like small hollyhocks. 35c each.

BARBERRY THUNBERGI (Japanese) This kind does not carry wheat rust. One of the most popular hedge plants. Bright green foliage and red berries in winter. Can be sheared, 35c each.

BUTTERFLY BUSH (Summer Lilac) Long slender spikes of lilac colored flowers. Bloom all summer. Very attractive to butterflies. 35c each.

DEUTZIA, PRIDE OF ROCHESTER. Produces large white flowers tinged with pink. Vigorous grower, profuse bloomer. 35c each.

DOGWOOD, REDTWIG. Desirable for shady places. Lead colored berries in summer and brilliant red bark in winter. 35c each.

DOGWOOD, YELLOWTWIG. Flaming yellow bark. Excellent for planting with the Red-Twig for winter color. 35c each.

FORSYTHIA FORTUNEI (Fortunes Golden Bell) Upright shrubs with golden-yellow flowers early in the spring, before the leaves come out. 40c each.

GOLDEN ELDER. A handsome shrub with golden yellow foliage and large clusters of pure white flowers. 40c each.

HONEYSUCKLE MORROWI (Japanese) A strong growing, spreading type of bush honeysuckle. Creamy white flowers early in the spring. Foliage very good. 35c each.

HONEYSUCKLE TATARIAN, White, Red, or Pink. Strong growing upright bush. An old favorite. Your choice of colors. 35c each.

HYDRANGEA ARBORESCENS GRANDIFLORA (Hills of Snow) Bears a great profusion of immense, pure white flower clusters in June and July. 50c each.

HYDRANGEA PEEGEE. Blooms in August and September. Huge panicles 8-12 inches long. White changing to pink. 60c each.

JAPAN QUINCE. Sometimes called Fire-In-The-Bush. Brilliant red flowers early in the spring. Foliage very attractive, 40c each.

LILAC, COMMON PURPLE. The old-fashioned favorite that used to be found in every yard. Regaining its old popularity. A good background shrub. 40c each.

HULL'S ORNAMENTAL SHRUBS (CONTINUED.)

LILAC, PERSIAN PURPLE. Slender branches and narrow leaves. More likely to bloom than the Common Lilac which is sometimes disappointing in that respect. 35c each.

PHILADELPHUS CORONARIUS (Mock Orange) Grows 8-9 ft. and is laden with large, sweetly scented flowers early in the spring. 35c each.

DOUBLE FLOWERING PLUM (*Prunus Tri-loba*) A double flowering plum, which blooms early in the spring before the leaves appear. The flowers are pink and double. Semi-dwarf and hardy. 60c each.

PURPLE LEAVED PLUM (*Prunus Pissardi*) A highly ornamental plant. Always arrests the attention with its striking reddish purple foliage. 50c each.

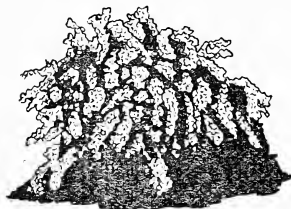

SNOWBALL. The old-fashioned favorite that we all know so well. There never are enough of these plants to go around so we urge you to place your order early. 75c each.

SNOWBERRY WHITE. Delicate pink flowers early in the spring, followed by clusters of large waxy-white berries that remain on the bush nearly all winter. 35c each.

SPIREA ANTHONY WATERER. A very popular low-growing shrub suitable for massing and edging. Covered with deep rose or red flower clusters all summer. 60c each.

SPIREA FROEBELI. Similar to Anthony Waterer, but taller growing and the flowers are a little lighter color. Also blooms all summer. 35c each.

SPIREA THUNBERGI. The first spirea to bloom in the spring. Flowers are white and the leaves are narrow and long. A very graceful shrub, fine for borders. 40c each.

Spirea Vanhouttei

SPIREA VAN-HOUTTEI. The most popular shrub in America. In early spring it is a veritable fountain of white when it is covered with its myriad flower clusters. 30c each; 4 for \$1.00; 10 for \$2.00.

SUMAC, FERN LEAF. One of the prettiest of the sumacs. The leaves are finely cut—giving them a lacy appearance. 40c each.

TAMARIX AFRICANA. A beautiful shrub with small leaves, very similar in appearance to juniper. Flowers are pink, small and delicate, borne on long spikes. Blooms in May. The foliage can be used in place of ferns in bouquets and many florists use it for that purpose. 35c each.

WEIGELIA ROSEA. Upright habit while young but gradually droop as they acquire age. The flowers are a very beautiful pink; trumpet shape. Blooms in June and occasionally all summer. 35c each.

WEIGELIA EVA RATHKE. Similar to Rosea but not quite such a strong grower and with bright red flowers instead of pink. 50c each.

HULL'S HEDGE PLANTS

Hedges are more attractive and longer-lived than fences and the cost is no more—frequently less. The hedge plants which we offer here are all strong and well rooted and will give you good results the first season. Hedge plants should be cut close to the ground as soon as they are planted. This makes the hedge thicker and stronger.

For hedges, plant the Privets about 6 to 12 inches apart and the Barberry and Spirea about 1 to 2 feet apart.

	Prices:	Size	10	25	100
AMOOR RIVER PRIVET		12-18 in.	\$1.20	\$2.50	\$ 9.00

GARDEN BOOKS.

On page 14 you will find a complete list of dependable garden books. Start building up a garden library—it will bring you a great deal of pleasure.

PRUNING SHEARS.

A handy tool to have about the place. We offer a dependable make on the California pattern. \$1.50 each, postpaid.

HARDY CLIMBING VINES

Vines are useful in many ways. They give quick results when planted on a new place, before trees and shrubs become established. For covering fences, rocks, walls, banks and trellises, they are peculiarly adapted. A porch without a vine is desolate and incomplete. ALL VINES ARE POSTPAID.

AMERICAN IVY (Virginia Creeper) A very rapid growing vine covered with heavy foliage, affording shade, and of great beauty when changing to scarlet in autumn. 35c each; 2 for 60c.

BOSTON IVY. Used extensively to cover brick and stone buildings. Will cling without any support. Small leaves—likes shade. 65c each; 2 for \$1.25.

BITTERSWEET. Attractive light green foliage; brilliant orange berries in winter. 50c each; 2 for 90c.

CLEMATIS PANICULATA (Small flowering) One of the most useful and popular vines. Covered with a mass of fragrant white flowers in late summer. 40c each; 2 for 75c.

CLEMATIS JACKMANI (Large Flowering) Best known of the large flowering types. Violet-purple flowers four to six inches across. \$1.25 each; 2 for \$2.00.

CLEMATIS HENRYI (Large Flowering) Creamy white flowers. \$1.00 each; 2 for \$1.75.

HONEYSUCKLE, HALLS JAPAN. This is the fragrant white honeysuckle that is so popular. The leaves stay green almost all winter in this part of the country. 40c each; 2 for 75c.

HONEYSUCKLE, SCARLET TRUMPET. Dark glossy green foliage and large, red, trumpet shaped flowers. Attractive to humming birds. 40c each, 2 for 75c.

TRUMPET VINE. A rapid growing vine with compound leaves and large red trumpet-shaped flowers, followed by long drooping pods. 40c each; 2 for 75c.

WISTERIA, PURPLE. Rapid growing, attaining height of 15 to 20 ft. Has drooping clusters of sweet-pea-shaped flowers. 50c each; 2 for 90c.

"BETTER PLANTS FOR BETTER GARDENS."

ROSES—The Queen of Flowers.

There are no flowers that compare to roses for popularity. They are not difficult to grow if you will give them rich ground, plenty of sunshine and keep the weeds out of them. Their beautiful flowers and delicate fragrance appeal to everyone. Our plants are all field-grown, two years old.

Plant Hull's Better Roses for Best Results

HARDY HYBRID PERPETUAL ROSES

50c each; 5 for \$2.00 Postpaid.

AMERICAN BEAUTY. Deep pink, approaching crimson; of exquisite form and fragrance, and large size.

FRAU KARL DRUSCHKI (White American Beauty) The standard by which all other white roses are judged.

GENERAL JACQUEMINOT. Brilliant Crimson, large and very effective. Fragrant and hardy.

MAGNA CHARTA. Bright pink, very large, very double flowers. Heavily perfumed. Seldom falls to bloom.

PAUL NEYRON. Dark, lilac-rose blooms of immense size. Very double and remarkably fragrant.

ULRICH BRUNNER. Large fairly full flowers of bright carmine-red.

CLIMBING ROSES

50c each; 5 for \$2.00 Postpaid.

CRIMSON RAMBLERS. The best known and most popular of all climbing roses. Vigorous grower.

CLIMBING AMERICAN BEAUTY. Rich red, fragrant. Vigorous grower and prolific bloomer.

DOROTHY PERKINS. Small flowers of brilliant shell pink. One of the best.

DR. W. VAN FLEET. Pale pink buds and flowers equal in form to the finest hybrid tea roses. Produces thousands of flowers. Probably the best of all climbers.

GARDENIA. (Yellow Rambler) Yellow buds and creamy flowers. Vigorous and hardy—the best yellow Rambler.

PAUL'S SCARLET. Intense scarlet flowers of excellent shape and moderate size. Liberal bloomer. The most brilliant of any climber.

WHITE DOROTHY PERKINS. Pure white form of Dorothy Perkins and of stronger growth.

THOUSAND BEAUTIES. (Tausendschon) Large flowers varying through faint pink, yellow, white, and rose. Producing enormous quantities of flowers.

EVERBLOOMING HYBRID TEA ROSES

50c each; 5 for \$2.00 Postpaid.

In offering the following list of everblooming roses, we have endeavored to select the best and most dependable kinds. Many of the newer kinds of roses are very difficult to grow and seldom give the average planter satisfaction. We can recommend all the following varieties.

ETOILE DE FRANCE. Vivid crimson flowers, fragrant and long lasting. Stiff stems and good foliage.

GRUSS AN TEPLITZ. Medium sized blooms of brilliant crimson. The best of all outdoor roses for garden decoration. Blooms throughout the entire season.

KAISERIN AUGUSTE VIKTORIA. Well formed creamy white buds, sport of the original Kil-larney. A good garden sort. Has long pointed buds.

LADY HILLINGDON. Slender pointed buds of deep saffron yellow. Fragrant. Hardier than most teas. Very free flowering and lovely.

LOS ANGELES. A popular new rose. Lovely buds of salmon pink with yellow shading, and very sweetly scented.

LUXEMBOURG. Probably the most dependable yellow tea rose. It seldom fails to bloom and the flowers are beauties. Deep pinkish-yellow. We recommend this rose highly.

MME CAROLINE TESTOUT. Large globular flowers of satiny-rose. Plant strong and a persistent bloomer. One of the most reliable tea roses.

RADIANCE. Probably the most popular rose in America. Brilliant rose-pink buds opening to well formed flowers. Very fragrant. The easiest growing and most reliable pink Hybrid Tea rose.

RED RADIANCE. Similar to the Radiance in all respects excepting its color which is deep-rose-red.

SUNBURST. Fine yellow flowers strongly suffused with orange at the center. Very beautiful but more difficult to grow than some of the other teas.

BABY RAMBLER ROSES

60c each Postpaid.

This group contains the most truly everblooming roses. They really are not ramblers at all but are dwarfs and are fine for bedding. Florists use them to pot and force. We offer some of the very best varieties. No. 1 plants.

ERNA TESCHENDORFF. Bright red, semi-double flowers.

GEO. ELGER. Lovely yellow buds; continuous bloomer.

IDEAL. Small dark-scarlet blooms.

KATHARINA ZEIMET very double, pure-white flowers.

MISS EDITH CAVELL. Semi-double flowers of brilliant scarlet. One of the very best.

ORLEANS. Brilliant light red-with whitish center.

RUGOSA ROSES

50c each; 5 for \$2.00 Postpaid.

The rugosas are the hardest roses. They should be grown where the hybrid teas and hybrid perpetuals will not thrive. They have attractive foliage and the flowers are followed by brightly colored "hips" or berries. We offer a group called "Eskimo Beauties."

SIR THOMAS LIPTON, White, double.

HANSA, Red, double.

EELLE POITEVINE, Pink, double.

Be sure to plant your roses on rich ground, and where they will get plenty of sunshine. Keep the weeds out, too. Spray with Bordeaux Mixture for mildew, and Black Leaf 40 for aphid or plant lice.

Evergreens For Windbreaks.

Evergreens make the best windbreaks. They hold their foliage the year round and present a denser barrier for the wind. A good windbreak has the effect in winter of moving a house several hundred miles further south. They help keep down the fuel bills in the winter, make the home cooler in summer, and add to its attractiveness the year round.

For planting north of Kansas we recommend the Norway Spruce. It grows rapidly and will thrive under adverse conditions. In Kansas and south, the Chinese Arbor Vitae makes a good windbreak. It also grows rapidly and has very dense foliage. We also recommend Chinese Arbor Vitae for hedges. They can be kept within bounds by shearing and they are more attractive than any other fence.

CHINESE ARBOR VITAE, transplants, 8-12 inch, 30c each; \$2.50 for 10; \$20.00 for 100, postpaid.

NORWAY SPRUCE, transplants, 6-10 inch, .30c each; \$2.50 for 10; \$20.00 for 100, prepaid.

NORWAY SPRUCE.

For windbreaks plant the trees about 10 feet apart. A good way is to plant two rows, 10 feet apart with the trees 15 feet apart in the row and alternating in each row, thus.

ASPARAGUS

2 year old heavy roots, 25c for 10; 60c for 25; \$2.00 for 100, postpaid.

Varieties:

Conovers Colossal
Giant Argenteuil

Palmetto
Washington

RHUBARB (Wine Plant)

Easy to grow; should be in every garden.
Good sized roots: 10c each; 4 for 35c; 10 for 75c.
100 for \$5.00, postpaid.

HORSERADISH

Crowns: 15c each; 10 for \$1.00, postpaid.
Root Cuttings, 30c for 10; \$2.50 for 100, postpaid.

"BETTER PLANTS FOR BETTER GARDENS."

Books for better Gardens

THE BOOK OF BULBS.

By F. F. Rockwell. Here is the "last word" on bulbs and how to grow them in the garden. Pictures and text show and tell just how to make the most from bulbs in your garden, both outdoors and inside the home. Includes peonies, dahlias, irises, gladiolus, etc., as well as tulips, narcissus, hyacinths, and other true bulbs. Interesting and practical. 187 illustrations, 264 pages. \$3.00.

SHRUBS.

By F. F. Rockwell. Here is brief but complete and usable information on the best ways to improve the beauty and value of your home with shrubs. Tells what to select for different combinations and effects, and how to plant, water, mulch, prune, and care for shrubs. 49 illustrations, 76 pages. \$1.00.

THE CARE OF ORNAMENTAL TREES.

By C. H. Greeves-Carpenter. This book outlines all the operations in tree care; the precautions necessary in transplanting; the best time and methods for pruning; how the soil, age, and kind of tree affects the choice and application of plant food; types of cavity fillings; with the best methods for cabling and bracing. 7 illustrations, 70 pages. \$1.25.

ROCK GARDENS.

By F. F. Rockwell. Shows just how you can build a rock garden yourself, on a small or large scale and at little expense. Describes the types of rock gardens, tells what soils, climate and locations are best, how to construct, and what to plant for the effect you want. Let this practical book demonstrate the fascination of this form of gardening and guide you to success. 31 illustrations, 86 pages. \$1.00.

EVERGREENS FOR THE SMALL PLACE. GARDEN REFERENCE BOOK

By F. F. Rockwell. All the information you need to make the best use of evergreens is in this handy book, written by one who is himself a home owner and a garden maker. It tells the uses, characteristics, and types of small or dwarf evergreens, and details of their planting, transplanting, and general care. 67 illustrations, 84 pages. \$1.00.

We offer our customers a fine reference book devoted to accurate descriptions of the leading varieties of fruits, trees, shrubs, and roses, together with cultural instructions and other valuable information. It contains 48 pages and is illustrated with 96 half-tone plates, 81 of which are printed in natural colors. You will find this a valuable reference. Only 50c each, postpaid.

Free Special Premium Offer.

When you send in your order, send with it the names of five of your neighbors and friends who own their own homes and are interested in plants and flowers. In return for these we will send with your order a special premium award, consisting of a desirable flowering plant. This offer does not hold good unless the names accompany your own order,
